Subject: **UPLOADING OF BOQ**

It has come to the notice that proper response time to the contended bidders are not provided which is not less than 15 days as per Rule 34 (1) of KPPRA Rules 2014. In some cases the BOQs are uploaded just before the last date of submission/ uploading of financial bids, thus giving very little response time to the bidders.

To avoid breach of KPPRA rules, you are directed to ensure timely publication of NIT and uploading BOQ by giving at least 15-days response time after publication of NIT.
